OF TRINIDAD AND TOBAGO LIMITED**

MEDIA RELEASE

NGC GIVES \$500,000 TO BOCAS LIT FEST

The National Gas Company of Trinidad and Tobago (NGC) is pleased to announce its continuing support as a major sponsor to the 2012 Bocas Lit Fest. NGC contributed \$250,000 to the inaugural Lit Fest earlier this year, but has come on board as title sponsor for the three year period 2012-2014, contributing \$500,000 per year.

NGC sees its sponsorship of the Bocas Lit Fest as a major opportunity to identify with an untapped cultural area in Trinidad and Tobago and regionally. As an indigenous, home grown business entity operating in the gas-based energy sector, NGC seeks ways to support and promote events that are important to the citizens of Trinidad and Tobago. NGC sees its role as going beyond natural gas. The company is committed to supporting those elements which make us truly Trinbagonians.

NGC encourages a volunteerism ethos among its employees as part of its Reputation and Relationship Ambassador Programme. Of interest is the integration of the NGC staff body into the activities of the 2010 festival where staff members volunteered to assist with several activities of the Festival.

The Bocas Lit Fest is about expression and NGC is proud to sponsor the literary arts which bring our true personality to the local and regional stage.
