Trinidad and Tobago COVID-19 (Novel Coronavirus) Update # 275

Port-of-Spain, June 14, 2020: As part of the national drive to safeguard the health of the Trinidad and Tobago population in the face of the global COVID-19 outbreak, the Ministry of Health continues to provide up-to-date information on the country's status in this regard.

As of the **afternoon of Sunday, 14th June, 2020** the Ministry reports the following:

Number of samples submitted to the Caribbean Public Health Agency (CARPHA) and the UWI site for testing for COVID-19	3995
Number of samples which have tested positive	123
Number of deaths	8
Number of persons discharged	109

The Ministry of Health provides the following update on the Cruise Ship that returned on June 12, 2020:

- An additional five (5) persons have tested positive for COVID-19 - All of these positive patients have been transferred to Caura Hospital for treatment.
- This brings the total number of persons from the cruise ship who have tested positive to six (6).

All other cruise ship crew members remain quarantined on the vessel, and as such there is no risk of local transmission to Trinidad and Tobago.

Members of the public are reminded that they must to adhere to the 'New Normal' recommendations and take the following personal health measures to protect themselves and their loved ones from COVID-19:
